

Andrew Trosper

President, Maintenance Repair and Overhaul (MRO)

Mr. Trosper has over twenty years' experience of driving financial performance, growth strategies, and program management in the aerospace aftermarket space. He is an accomplished leader with an impressive track record of increasing revenue percentages, optimizing revenue incomes and sales conversions, and improving efficiencies related to quality and process flow.

As President for the MRO operating segment, Mr. Trosper will be responsible for the overall leadership of the global repair and overhaul business, refining the segment strategy, leading the business team, managing all OEM and partner relationships, and owning global repair operations.

He most recently was engaged as the Executive Vice President for Business Development and Program Management with Aerospace Products International in Memphis, Tennessee. Prior, he served in several key leadership roles with Honeywell in the Commercial and Defense Aerospace markets: Director of Asia Pacific and Program Support; Director of Military Aircraft Sustainment Programs; General Manager MRO, Military APU and Components MRO Leader; and Director, U.S. Air Force (USAF) Programs.

Mr. Trosper holds a B.S. in economics and an MBA in business with an emphasis on international business from Arizona State University. He is also certified as a Leadership Six Sigma Plus Black Belt.

**Leadership.
Innovation.
Excellence.**

We have an aggressive goal to become the best at what we do!
